- Leader, planner, entrepreneur, technical reference.

Experience

2009-present ALBIOMA - Project and Program manager

Responsibilities on all value chain "Development -> PPA start" on last ALBIOMA's key PV and Thermal power plants projects:

Development, financing, specifications, contract negotiation, erection (as Principal, Owner's Engineer, or as EPC) until hands off for operations.

Photovoltaic (PV), Energy Storage System (ESS) and Hybrid Power Plant (HPP) expert.
Coal to biomass conversion expert.

2017 – 2019 Development of coal to biomass conversion program – 9 Boilers 500M€ CAPEX.

2016 Second 100% Biomass thermal power plant "clear for construction".
Developer of Hybrid Power Plant (54 MW PV + 133 MWh ESS + 4MW Genset)

2015 Winner of the second National request for proposal for Hybrid Power Plant (PV + ESS) (5 + 1,6 + 3 MW).

2014 Program director of 2011 National Tender – including the world first "commercial roof mounted Hybrid power plant (PV + ESS)".

2012 – 2013 40MWe 100% biomass "clear for construction" after 7 years of studies.

2012 Winner of National Request for proposal for Photovoltaic Hybrid power plant (PV + ESS)(1+2 MW).

2009 – 2011 Developer, PM and "turnkey" construction of ALBIOMA's biggest PV power plants.
More than 100M€ CAPEX, driving to more than 10M€ (10% of all group) annual EBITDA for 20 years.

2006-2009 CERVIN INNOVATIONS – Erection Manager

B to C company dedicated to renewables: installation of Photovoltaic, biomass heating, solar water heating, heat pumps...

From scratch: creation of a complete technical team to manage "Procurement", "Logistics" and "Erection" of the company sales:

5 Managers and 65 technicians – ~1000 projects completed.

2002-2006 BOUYGUES CONSTRUCTION – Erection Engineer

Project/Erection management on BOUYGUES' key projects in Normandy.

~5M€ Erected each year as part of 15-20 M€ projects (research center, hospitals...).

SKILLS

Advanced computing

C++, C#, Framework .NET, VB, SQL, MATLAB

Technical software

AUTOCAD (Civ 3D), TRNSYS, Simsol, PV SOL...

Accreditation

Electrical specialist, work-at-height.

FORMATIONS

2006 continuous education IGSHPA (USA) and Polytechnique Montréal (Canada)..

2002 Graduate from « Ingénieur Arts et Métiers, Paris ».

1997 French baccalauréat « with highest distinction ».
